FIVE NEW COURSES!

If you are keeping up with Institute postings on the website, you will notice that two new courses have recently been posted. These are two very exciting courses because they are focused on the gospel, and thus directed toward fulfilling Jesus' mandates of **Matthew 28:19,20** and **Mark 16:15,16**. These two courses can be downloaded and distributed to friends, and especially to Bible schools who are teaching students to be evangelistic as they go forth after graduation. We ask that everyone download these two courses in order to have them ready to post throughout the world. These courses focus on the foundation of our faith.

TRIVIAL WEBSITE INFORMATION

I thought it might be good to release some of the information that I receive daily concerning who is accessing the information on the website. You might be interested to know that in **one day** in the last month over **100 hits** were made on the website. **The average hits a day is about 50.** **India** topped the list during the last month. In the United States, **Kansas** is at the top of the list, with **New Mexico** and **Alabama** coming respectively second and third. It is also interesting to note that from **65% to 70% of the hits on the website come from smartphones.** On the average about **25% of the hits are made with laptops.** Please help us by advertising the website **Break News** to others.

THIS IS EXCITING NEWS!
Three new courses have been added
to the curriculum
of the International Bible Institute.

These courses launch students to the **Term 2** theme: ***Growing In Gospel Living***. These three courses bring Bible students into a realm of spiritual growth that will be very challenging. As courses are introduced into Term 2, individuals will be challenged to do as Paul instructed in Philippians 2:5: ***“Let this mind be in your that was also in Christ Jesus.”*** This is the theme of the entire curriculum of courses that will eventually be introduced into the Term 2 series of courses. Therefore, every student of the Bible must be prepared for spiritual growth as a disciple of the Lord Jesus Christ. For this reason, we encourage that the courses be downloaded individually and taught in Bible classes around the world.
